

RULES FOR **4 ON 4** COMPETITION

Game Points and Strategy

- * The hitter must designate which side of the field he/she is hitting to.
- * Each player receives 15 pitches per inning. Teams will have 60 pitches to score with (hit), and 60 pitches to defend (field).
- * Points are given based on the location a ball stops after being hit. Points are negated by the defense's ability to field hit balls.
- * Players receive only 15 pitches. If they take a pitch, they have lost an opportunity to score. There will be one bonus ball per 15 pitches. This bonus ball will be the last ball pitched, and any points earned on this pitch will be doubled.
- * Each team with the highest score will advance through the 4 on 4 challenge one game at a time. (One game = one inning.)

A maximum of 50 teams will be formed.
